

Dear Customer,

It is only with professionally inscribed signs that the high functional and design quality of every Siedle intercom is fully brought to bear.

Lettering using our service guarantees good legibility, weather and UV resistance and is ideally matched to the product design.

Design examples

Enquiry form sheet for individual lettering

Only precisely fitting inserts guarantee an optimum appearance. This is only possible if the correct sign type is specified. Use our drawings as a basis to identify your system. If in doubt, measure your lettering field or attach a photo to your enquiry.

Filling in the form

- Select the sign type to be inscribed and enter the name or lettering you require in the provided fields of the form, using one box for each letter.
- If you require an empty line between multiple line lettering, please leave the relevant line free in the entry field.
- Enter the number with the same lettering.
- Please add your name and the delivery address, and send the completed form sheet to the Siedle lettering service.
- If you require graphics, please enclose a camera-ready copy with your enquiry.

Original font, original size

Lettering carrier Lettering options

Siedle offers matching nameplates and house numbers to suit the design line.

Lettering carrier

Siedle supplies a precisely fitting insert on transparent UV and moisture-resistant transparent film which does not wrinkle or discolour.

Font

The standard font is Frutiger LT Com 55 Roman in font height 4 mm (measured at the upper case characters).

Standard text justification

In the Compact lettering fields, texts are centrally justified.

Design

The illustration shows a call button module with two nameplates. The lettering you require is set for you in precisely the same font and font size as the lettering example "Max Mustermann".
